## 2016 Juniper Jungle Farm CSA Agreement

I understand that I am making a commitment to Juniper Jungle Farm Community Supported Agriculture and recognize there is no guarantee on the exact amount of produce I will receive for my share. The CSA harvest is protected by sustainable farming practices, such as soil improvements, crop rotation, and irrigation. I will share both the rewards and the risk of the growing season along with the other members and the Farmer. As a member, I will come to the prearranged drop site each week to pick up my harvest share. If I am unable to do so, I will send someone in my place or advise the farm in advance that I will forfeit my produce for the week. I agree to wash my vegetables before consumption, as they are only field washed after harvest.
